

Emily Sorensen

Summary

I am Emily Sorensen (She/Her), a theatre artist and actor currently located in Regina, Saskatchewan. In spring 2026, I will be graduating from the University of Regina after 5 years of study as the first cohort with a BFA in Devised Performance and Theatre Creation. As an artist, I enjoy acting, devising, and collaborating with as many other artists as possible. I have passion in devising my own theatrical work whilst also engaging and being an active participant in the work of others. Throughout my education, I have worked alongside my cohort creating, experimenting, and researching, to form our own collective projects under the name Theatre 26. Although pursuing a majority of performance opportunities, I have also worked behind the scenes as a playwright, assistant stage manager, designer and dramaturg. My recent goals have aimed to broaden my skillset and not limit myself as a creative. I have a constant drive to learn, train, and grow my practice!
